

## (Start#\$Support%&Chat) How do I login to my Yahoo account without a password

You can log in to your \*\*Yahoo Mail account without a +📞 ✓ 1-844-953-9773 📞 password by using the Sign in Helper or enabling Account Key. On the login page, enter your Yahoo email address and select "Forgot password". Yahoo will send a verification code to your recovery phone number or alternate email. After entering the code, you +📞 ✓ 1-844-953-9773 📞 can access your account and create a new password if needed. This method allows secure login even when you cannot remember your password.

Another option is the Account Key feature, which sends a +📞 ✓ 1-844-953-9773 📞 push notification to your registered mobile device instead of requiring a password. You simply approve the login request on your phone to access your account. To avoid +📞 ✓ 1-844-953-9773 📞 future login issues, keep your recovery email and phone number updated and enable two step verification for stronger account security.
