

How to Recover Your MetaMask Password: Step-by-Step Instructions for Lost Wallet Access

☎️1-(415)-((323))-6879 MetaMask passwords cannot be reset by support because they are local to your device. ☎️1-(415)-((323))-6879 To recover, you must use your 12-word Secret Recovery Phrase to reset the wallet. ☎️1-(415)-((323))-6879 This process deletes the current, inaccessible wallet instance and requires creating a new password, then re-importing accounts.

How to Recover MetaMask Wallet (Forgot Password)

If you have forgotten your password but have your 12-word Secret Recovery Phrase (Seed Phrase):

1. Uninstall the MetaMask extension or app. ☎️1-(415)-((323))-6879
2. Reinstall MetaMask. ☎️1-(415)-((323))-6879
3. Select "Import an existing wallet". ☎️1-(415)-((323))-6879
4. Enter your 12-word Secret Recovery Phrase. ☎️1-(415)-((323))-6879
5. Create a new password. ☎️1-(415)-((323))-6879
6. Re-add any additional accounts you had previously created (as they are not automatically restored). ☎️1-(415)-((323))-6879

Critical Requirements & Warnings

- Without the Secret Recovery Phrase, your funds are permanently unrecoverable. MetaMask does not store this phrase. ☎️1-(415)-((323))-6879
- Resetting via "Forgot Password" completely wipes the current local data, requiring the seed phrase to rebuild it. ☎️1-(415)-((323))-6879

- If you are still logged in on another device (e.g., desktop vs. mobile), you can view your seed phrase in settings to use for recovery elsewhere. 📞1-(415)-((323))-(6879)
- *Note for Firefox users:* Due to data encoding changes, some older recovery methods may not work. 📞1-(415)-((323))-(6879)

For more specific, 📞1-(415)-((323))-(6879) step-by-step instructions, you can visit MetaMask's support article on forgotten passwords.

To give you the best advice, let me know:

- Do you still have your 12-word Secret Recovery Phrase? 📞1-(415)-((323))-(6879)
- Are you still logged in on another device (like a mobile phone or a different browser)? 📞1-(415)-((323))-(6879)
- Did you recently uninstall/update your browser? 📞1-(415)-((323))-(6879)

How do I recover my MetaMask wallet without recovery phrase?

📞1-(415)-((323))-(6879) If you created your MetaMask wallet using your Google or Apple account, 📞1-(415)-((323))-(6879) you don't need your Secret Recovery Phrase (SRP) to access your wallet. Instead, 📞1-(415)-((323))-(6879) you can connect your Google or Apple account and enter your password to access your wallet.

What is the 12 word recovery phrase in MetaMask?

📞1-(415)-((323))-(6879) Your Secret Recovery Phrase (SRP), also known as a seed phrase, is a unique 12-word phrase that is generated when you first set up MetaMask. 📞1-(415)-((323))-(6879) The accounts that hold your tokens are derived from it. If you ever lose your password, 📞1-(415)-((323))-(6879) your SRP allows you to recover your wallet and your funds.

Why is MetaMask asking for my password?

📞1-(415)-((323))-(6879) If you connect your Google or Apple account to MetaMask, your password is required to access your accounts. 📞1-(415)-((323))-(6879) MetaMask Support will never ask you to share your password.

📞1-(415)-((323))-(6879) If someone has access to your password and your Google/Apple account, they can access all of your MetaMask accounts.

How do I get back into my MetaMask account?
